

**V74** *Linear Robot  
In-Mold Labeling*

**VETEC**

# Compact and Versatile

**Vertical stroke  
linear Y-axis**

Up to 1800 mm

**Telescopic  
vertical axis  
design optional**

High speed,  
compact design

**Kick stroke  
linear X-axis**

Up to 900 mm  
and 1230 mm reach

**Integrated  
control cabinet**

Space efficient,  
simple maintenance

**Horizontal stroke  
linear Z-axis  
solid steel beam**

Up to 2540 mm,  
extendable on request

**Payload  
(part + tooling)**

Up to 25 kg

**IMM  
clamping force**

Suitable for  
350 to 1000 ton

**Versatile  
tooling options**

Pneumatic and  
servo A-B-C axes

**IML  
robot**
